GERMAN AUTHOR OF NOTES

Here and There

Editorial By ALEX. H. WASHBURN

ONE hundred years ago Thomas Jefferson and other American patriots helped such of the negro slaves as had been freed at that time to set up a negro republic on the west coast of Africa. It was named Liberia—after "liberty"—and later its capital city was called Monrovia—after the American President Monroe. What has been the fate of this black republic, founded by the United States, and governed by a similar constitutional government? The answer is not altogether pleasant, as revealed by James C. Young in "Liberia Rediscovered" (Doubleday, Doran & Co., New York, 1934).

With NRA Off His Neck, Genl. Johnson Speaks His Mind

Ex-Administrator Ridicules Idea of a 30-Hour Week

COST PROHIBITIVE

Cheapest Federal Relief Is Direct Cash Payment, He Declares

WASHINGTON.—(AP)—Hugh S. Johnson, who bussed industry for 16 months, has a blanket cut of the work week to 30 hours would bring "a depression that'll turn your hair gray."

He contends that any relief for unemployment through work week slashes is "limited." As for taking care of the jobless, Johnson says: "There are many ways to disguise the debt but they are all too expensive in administration. The cheapest way to keep people alive is direct cash—paying people money to buy stuff to eat."

The general made these observations Monday—the day he went off the federal pay roll—in a chat with the press at Walter Reed hospital. Dressed in pajamas and a light blue bathrobe, Johnson explained that when he said "just my private opinion and as a private citizen now I can express it."

The general is officially out of NRA. After a thorough physical examination at the Army hospital, he plans a shooting trip at the Southern island home of Bernard M. Baruch, New York financier and his old business associate.

"What would you do if you were starting over again?" he was asked. "I'd have the job to do over again I'd sign the first day."

Recalls 1933 Plans
Johnson sounded like he meant it. Asked for ways of lifting the country further toward prosperity, he outlined plans he brought to Washington in 1933 for a quick expenditure of public funds on army motorization, railroad improvement, low-cost housing and factory modernization.

"We had planned to put 1,000,000 men to work in the heavy industries by October, 1933. Whether I'd do it now, I don't know. I'm going to start planning again as soon as I've had some rest and get NRA out of my mind."

One reason Johnson questioned the effectiveness of the statutory 30-hour work week demanded by the American Federation of Labor was its constitutionality. He foresaw an industry-by-industry effort of the new Recovery Board to secure work week cuts, but was dubious as to results.

"I don't believe a work week reduction by statute will stick on a Supreme Court test," Johnson said. "The reduction of hours, except in some industries, is not economically sound and a statute wouldn't make it so."

Trouble in Heavy Industries
"Most of the unemployment is in the heavy goods industries and their trouble is they have no business. A

A good pose often leads a man to propose.

Hamilton Dropped for Smoking and 3 Put on Probation

Hammons Sends Team Through Hard Drill for El Dorado Thursday

COACH IS CRITICAL

Bobcats "Telegraphed" Their Passes in Hot Springs Game

The Bobcat football team went through a hard scrimmage Monday following a shake-up in the team in which one regular, Hamilton, an end, was definitely dropped from the squad.

Three other players were placed on probation as the result of breaking training regulations. Smoking was the charge against Hamilton.

Warned before hand, the Bobcat end broke faith and was told to "pick up his marbles and go home."

Two or three regulars were demoted to the second team, leaving their berths open to bidding by a score or more of fighting substitutes.

After Coach Hammons laid down the law, the team sped through a spirited practice session, showing more drive, speed and determination than at any time this season.

Considerable time was devoted to the line in which blocking was stressed. Coach Hammons gave his backs an opportunity to limber up their arms in throwing passes.

Air Defense Is Poor
"The aerial offense against Hot Springs was terrible, chiefly because our backfield men telegraphed or gave away each pass formation. That's why the Trojans intercepted eight of our passes," the coach said.

"When a coach diagnoses the other's pass formation, the only thing a coach has left is to send in a cross-eyed boy who looks one way and throws the ball the other," Hammons humorously remarked.

The team will be put through another stiff practice Tuesday afternoon, with light drills and signal practice for Wednesday, the day before the game with El Dorado which will be played here at 8 o'clock Thursday night.

Tickets on Sale
Advance tickets will go on sale Thursday morning in five places. Hope Confectionery, Moreland's drugstore, Webb's news stand, Green's Confectionery and Jack's news stand.

Tickets for box seats were on sale Tuesday at Roy Anderson's Insurance office, with only a few left.

Admission at the gate will be 50 cents, the regular price.

Lemley Goes to Election Contest

Hope Attorney Representing Tilman Parks at Hamburg Hearings

Harry J. Lemley, Hope attorney, left for Hamburg Tuesday to represent Congressman Tilman B. Parks at the election contest hearing scheduled to open in Ashley circuit court there Wednesday.

Congressman Parks and Wade Kitchen, Magnolia, are contesting the results in Ashley and other counties of the Seventh Arkansas district. Complete official returns gave Parks a small majority over the district in the runoff primary.

Lost Certificates May Be Utilized

Oscar Johnston Outlines Advance of 2 Cents Per Pound

Producers who have lost their participation trust certificates in the Cotton Producers Pool of the Agricultural Adjustment Administration may obtain an additional advance of two cents a pound or offer their certificates to the pool for sale without delay despite the loss of the certificates, a plan announced by Oscar Johnston, manager of the pool.

Producers who have lost their participation certificates—and requests for duplicates indicate a large number have been misplaced or destroyed—must execute an affidavit on a form furnished by the Administration in order to receive a duplicate. If a producer has transferred his trust certificate to some other person who has lost it, both the producer and the person to whom the participation trust certificate was transferred must execute affidavits on forms furnished by the Administration that the certificate was lost.

However, if either wants to apply for an additional advance of two cents a pound or offer certificates to the pool, the producer must execute an affidavit on a form furnished by the Administration that the certificate was lost.

Cinderella Weds Social Scion

Charles Carey Ramsey, Jr., son of the founder of the Junior League and grandson of E. H. Hartman, is shown leaving Grace Church, New York, with his Cinderella bride, the former Mary Maloney, daughter of an East Norwich, L. I., landress. It was a depression romance, her couple having met when working in a welfare office.

5 Die in Manila as Typhoon Hits

Thousands Left Homeless, Much Property Lost, in Philippines

MANILA, P. I.—(AP)—At least five persons lost their lives and thousands were left homeless by a sudden tropical typhoon which hit Manila from a well-ordered city into a confusion of debris early Tuesday.

Five drawings in one section of the city were the first fatalities reported. Damage estimates in Manila alone varied from \$250,000 to 2½ million dollars.

Wage Hike Is Won by Suicide Threat

Mine Owners Come to Terms With Frantic Hungarian Miners

PECS, Hungary.—(AP)—Most of the grimy 1,200 miners who obstinately faced death underground for nearly five days came up Tuesday and their suicide strike was over.

"They came up to food, water, their families, and more work and more pay. Some were brought out on stretchers, and many were left behind, too near death to be moved."

The men struck for more pay, wanting more than the \$2 per week actually paid them under the former scale.

Tuesday the government and the mine owners reached an agreement, and a compromise was reached with the men.

Agreement Reached
PECS, Hungary.—(AP)—Owners of the mine here where nearly 1,200 miners are attempting mass suicide early Tuesday reached an agreement with the government to grant the miners' demand of wage increases. They were goaded into action by the plight of the miners aroused over the plight of the miners who had banded together to die by suffocation rather than continue trying to support themselves on wages of less than \$2 a week.

The owners agreed to eliminate a wage cut, to raise the working time from two to three days per week, and to pay a bonus of \$3 per head to help tide over the winter.

Government and trade union officials sped to the pithead with the agreement, hoping the miners would accept. It was feared, however, that the mental and physical condition of the men, self-entombed without food or water for nearly five days and nights, may be so far gone as to render conferences with them impossible.

In such a case it was feared a catastrophe of major proportions would be unavoidable. Late Monday night the mine threatened death to Gen. János Esterházy, Democratic Socialist member of the Hungarian Parliament, who sought to mediate with the miners.

"Don't come down or you won't return," the miners' armed sentries told Esterházy, who earlier Monday went down into the black pit to return with stories of unbelievable torture suffered by the men.

Assassins Acted on "Blind" Order

Malny Asserts They Went to France Not Knowing Who Victim Was

MELUN, France.—(AP)—Blind devotion to fugitive leaders in Italy and Hungary was indicated in the confession of Sylvester Malny that he was a member of the murder squad that was sent to France, police said Tuesday.

The investigators said Malny refused to admit that the band knew King Alexander of Yugoslavia was to be their victim.

Police were skeptical of Malny's assertion that the band comprised eight persons.

Police suspect that Malny, who accompanied the actual assassin Petrus Kalomen to Aix-en-Provence, also was supposed to fire at Alexander, but cowardice caused him to flee from the scene.

Police said they expected to capture the other members of the band soon.

Lightning Damage Case Nears Jury

Thomason vs. Hope Basket Co. Argued at 3 p. m. Tuesday

The Joe Thomason civil suit against Hope Basket company was expected to reach a jury in circuit court at Washington late Tuesday.

Attorneys were arguing the case at 3 o'clock Tuesday afternoon. More than a score of witnesses, including basket factory employees and electricians, have testified.

Thomason is asking \$30,000 for alleged injuries suffered when struck by lightning while working at the factory several months ago. He charged negligence on the part of the company for improper wiring.

The case started in court Monday morning. Courtroom officials said Tuesday that Joe Frank, negro, had been given a 3-year suspended sentence for the death of a negro woman killed when struck by an automobile driven by Frank.

The negro woman was killed as she walked along a road near Rose Hill cemetery several weeks ago. Frank is prohibited from driving a car for the next three years, the decision by Judge was stipulated.

Scipio Jones, Little Rock negro lawyer, was in Washington this week in what was believed an attempt to arrange bond for Drew Williams, Mott Hill and Andrew Smith, three negroes held for the death last spring of Glenn L. Williams.

No bond, however, has been fixed. The trial of the three negroes, scheduled for October term of court, has been postponed until the next session in January.

Rocky Mound Pic Supper
A pic supper will be held Thursday night at Rocky Mound schoolhouse. Funds to be contributed to the pastor there. The Wilhoit family of musicians will entertain with their violins and singing. The public is invited.

Foreboded
Maud—"What happened when your father told your sweetie he ought to put something aside for a rainy day?"
Lois—"Well, a little later Dad missed his raincoat."

County Meetings on Options to Be Held During Week

Producers May Sell Out-right, or Borrow 2 Cents Per Pound

THURSDAY, FRIDAY

County Schedule to Open at Ozan at 8 a. m. Thursday

Hempstead county cotton producers holding options have an opportunity to sell their options outright at the present market prices or may borrow 2 cents a pound or their cotton, County Agent Frank Stanley announced Tuesday.

Applications on options will be written at many places this week, and any day at the county agent's office through October 24.

Option holders are urged to bring cotton form No. C-52 (participation trust certificate covering 1933 option cotton).

The schedule:

Thursday, October 18

Ozan 8 a. m. to 11 a. m.

Sardis 11:30 a. m. to 1:30 p. m.

Bingen 2 p. m. to 5 p. m.

Fulton 8 a. m. to 11 a. m.

Columbus 11:30 a. m. to 1 p. m.

Saratoga 2 p. m. to 5 p. m.

Friday, October 19

Blovin 8 a. m. to 11:30 a. m.

McCaskey 12 noon to 2 p. m.

Springhill 8 a. m. to 11:30 a. m.

Patmos 12:30 p. m. to 3 p. m.

Debt Adjustment Up to Nevada Co.

Meeting Planned Oct. 23—Cotton Option Forms Received at Prescott

PRESCOTT, Ark.—Stanley White, field agent on Farm Debt Adjustment, has set Tuesday, October 23, as the day for a meeting of the County Farm Debt Adjustment Committee, says J. L. Hiler, county agent.

All members of this committee and all ministers of Nevada county are urged to attend this meeting. Mr. White has information of great value to the farmers of this county who cannot meet their obligations and who are faced with foreclosure. The meeting will be held at the courthouse at 1:30 p. m.

Loan Forms Available
The loan forms for the 1933 cotton options to be submitted for borrowing an additional 2 cents per pound have arrived and are ready for distribution, states J. L. Hiler, county agent. These loans will net the holder \$7.50 per bale with all charges paid to October 1.

This gives the producer the opportunity of holding this cotton for any further advance. It is to be noted that this present advance is in addition to the amount loaned last year, and shows an additional profit on the crop-up of 1933. Still more will likely be realized by those who have held their options within the next few months.

Terracing Program
The FERA, in cooperation with the Extension Service, is giving ten counties of this state an opportunity to put on a work program with terracing as the project. Through efforts of J. L. Hiler, county agent, Nevada county was designated as one of these ten counties, and application blanks are now out in all townships for this work.

The principal restrictions on a farm to be terraced are that no marginal or sub-marginal land will be terraced; the land must live on the farm; and the applicant must agree to furnish his labor and that of his team free, if requested, pay 50 cents toward buying a community farm level for running the terraces. This is the extent of the agreement, and it is hoped that every farmer living on his own land will take advantage of this opportunity to get his land terraced or re-terraced practically free of charge. The FERA will furnish all additional labor and team power needed.

Applications for this work should be mailed to the county agent at once, as the project cannot be put in operation until a substantial number of applications have been approved. It is hoped that a sufficient number can be approved this week and submitted to the Little Rock authorities for acceptance. As soon as this is done, the project will be put in operation.

"This is a great opportunity for our county," says J. L. Hiler, "and we would certainly be sleeping on our rights if we pass it up. With thousands of acres losing valuable and necessary plant food each year through erosion, and no way to regain this lost soil, it is imperative that we save it. We cannot survive on worn-out soils, and rolling acres unprotected by terraces wear out at an astonishing rate. Without protection of our soil, we will soon become soil-poor, and the heritage that is ours will slip from us."

Bulletins

LOUISVILLE, Ky.—(AP)—The Louisville Times said Tuesday it has reliable information that Mrs. Alice Stoll, kidnap victim, was alive on Monday, and may be freed within 24 hours.

Accuse 5 Officers of Losing Steamer

Board of Inquiry Blames Captain and 4 of Morro Castle Staff

NEW YORK.—(AP)—The board of inquiry of the United States Steamboat Service in a report made public Tuesday charged Captain William F. Wards and four staff officers of the Morro Castle with negligence in connection with the burning of the Ward liner and the attendant loss of 132 lives.

The report assigned no responsibility as to the fire.

The four charged besides the captain were: Chief Engineer Eben S. Abbott, Second Officer Clarence Hackney, Third Officer Harold Hansen, and First Assistant Engineer Antonio R. Buila.

Hauptmann Grilled
NEW YORK.—(AP)—Bruno Hauptmann had dramatically denied from the witness stand Monday the kidnapping of the Lindbergh baby as he sought to establish an alibi for the night of the abduction.

"Did you murder the child, Charles Augustus Lindbergh?" his lawyer asked the German carpenter at the climax of a habeas corpus hearing.

"No," Hauptmann answered. Attorney General David A. Wilentz of New Jersey, seeking Hauptmann's extradition to his state on a murder charge, jumped up.

"Didn't you build a ladder and climb up to the baby's room, and didn't you murder the baby?" he asked.

"No," Hauptmann shouted, raising his voice for the first time and grasping the arms of the witness chair.

His dark eyes burned behind pale cheeks. He rose slightly and then sank back.

Calm in manner, cautious in speech, Hauptmann was never flustered by the vigorous efforts of Wilentz to shake his alibi.

He explained a criminal record in Germany by saying he stole only "to secure sustenance."

He readily admitted to Wilentz he lied the day of his arrest—three weeks ago, when he told his captors the \$20 gold ransom certificate found on him was part of his savings.

His deep-set eyes sparkling, Hauptmann, after a moment's reflection, added: "I later told Mr. Lyons (Inspector John J. Lyons) where I had put \$14,000 more."

This surprise statement concerning the gold certificate found on Hauptmann and at his home—certificates found to be part of the Lindbergh ransom loot—was volunteered by the prisoner. In his questioning, Wilentz did not touch on the source of the certificates.

Left by Fish
Hauptmann, on re-examination by Defense Lawyer James M. Fawcett, reiterated his declaration that the bills were left at his home in a shoe-box by Isadore Fisch, the furrier-friend who now lies dead in Germany. He said he knew he could be arrested for hoarding gold certificates, but that he hid them anyway, fearing his alien status would become known and he would be deported.

"Did Fisch tell you it was Lindbergh ransom money?" Fawcett asked, "and did you discuss the Lindbergh certificates?"

Writing Expert Testifies That Script Is Same

New Jersey Says It Proves Hauptmann Was in Baby's Room

GERMAN IS DEFIANT

But He Concedes That He Wrote "Jafsie's" Address on Panel

NEW YORK.—(AP)—Attorney General David T. Wilentz, of New Jersey, told New York Supreme Justice Hamer Tuesday that the Lindbergh ransom notes, which he claimed the state had proved were written by Bruno Richard Hauptmann, are "an admission and confession on the part of Hauptmann that he was in the baby's room the night of the kidnapping."

The attorney general made his statement after a hand-writing expert had said that to a reasonable certainty specimens of Hauptmann's handwriting were identical with that of the kidnap notes.

Hauptmann Grilled
NEW YORK.—(AP)—Bruno Hauptmann had dramatically denied from the witness stand Monday the kidnapping of the Lindbergh baby as he sought to establish an alibi for the night of the abduction.

"Did you murder the child, Charles Augustus Lindbergh?" his lawyer asked the German carpenter at the climax of a habeas corpus hearing.

"No," Hauptmann answered. Attorney General David A. Wilentz of New Jersey, seeking Hauptmann's extradition to his state on a murder charge, jumped up.

Flying Boats for Ocean Hop Urged

Lindbergh Believes Trans-oceanic Service is Feasible Soon

WASHINGTON.—(AP)—Belief that regular trans-oceanic flights are not far away was expressed Tuesday at a meeting of the president's aviation commission by Charles A. Lindbergh. Giving his views to the board which is forming a definite aviation policy for the government, Lindbergh said he thought that flying boats should be used at first because of their safety factor.

YOUR HEALTH

Editor, Journal of the American Medical Association, and of Hygiene, the Health Magazine

Much-Used Chemical Dangerous to Health

Whether at home or at work, there is likelihood that you have come into contact with what is considered a dangerous chemical. It is called carbon tetrachloride. This substance is used in many industries. In the rubber industry it is a solvent. In the dry cleaning industry it is used as a cleaning agent. It is put into fire extinguishers because it has the power of putting out flame. In machine shops, employees use it to remove grease both from the machines and from the hands. Even beauty shops have long employed carbon tetrachloride as a dry shampoo. And doctors prescribe it for hookworm and for other forms of parasites in the bowel.

Chief value of carbon tetrachloride is that it is not inflammable when mixed with benzene. Some time ago it was discovered, however, that the fumes of this substance, when inhaled in sufficient quantity, bring about disturbances of health, that overdoes taken into the bowel are poisonous, and that in some instances it may get into the skin and bring about serious symptoms.

When carbon tetrachloride is put on the skin it draws out the fat and produces a dry condition. The skin then cracks and germs get in, causing secondary infection. If you rub your hands thoroughly with carbon tetrachloride, this will not occur.

It has also been pointed out that carbon tetrachloride can intoxicate the body, producing headache, nausea, nervousness, mental confusion, and, in more serious cases, spasms of the muscles, loss of consciousness, blurring of vision, and even death. It gets these effects by acting on the nervous system.

In preventing the dangers from carbon tetrachloride, good ventilation is of utmost importance. This may be in the form of suction or forced ventilation.

Carbon tetrachloride fumes are heavier than air and seek the lowest level. Suction is, therefore, the best method for getting the fumes out of the room in which workers are employed.

In painting operations, means should be provided to keep the person who is doing the painting from inhaling the fumes.

This drug should never be used in shampoos for hair drying, because of the danger of poisoning those who submit to its use.

So widespread is the employment of this product in industry that one expert found it employed in one out of two industrial plants which he investigated.

If a person is acutely poisoned, he should be removed at once from contact with the substance and given plenty of fresh air. It is advisable also to alkalize the body and to treat the blood, the stomach, and kidneys, and the other organs according to the damage that has been done.

A BOOK A DAY

BY BRUCE CATTON

War for the Plains Is Thrilling Story—This Book Reviews Struggle With Western Indians

One of the greatest of all adventure stories is the one which tells how the white man won the American west from the Indian. It is a tragic story, and it is frequently one to make the white man ashamed of himself; but it is, also, packed to the brim with the raw stuff of adventure and romance.

Paul I. Wellman has done a good job of putting the whole story between covers in his new book, "Death on the Prairie." This is a review of Indian fighting on the plains from the early 1860's to the battle of Wounded Knee in the 90's, and it is a good, readable book.

Mr. Wellman has emancipated himself from the old frontier viewpoint, under which the only good Indian was a dead Indian, and every man who took up arms against the tribesman was a heroic and chivalrous bit of manhood.

He is quick to admit that the In-

dian was jobbed in a shocking manner, and that the white men were frequently every bit as savage as the redskins; but he is out primarily to tell a story rather than to point a moral, and he has found some thrilling tales to relate.

He reviews practically all the Indian fights in the second half of the last century. Naturally, he devotes the bulk of his attention to the long fight with the Sioux. In these stories there are enough hairbreadth escapes, deeds of heroism, and general bloodshed to satisfy the most eager.

And, out of it all, you get a new realization of the injustice that we visited upon the red men—well that's part of the record, and it's a good thing for us to be reminded of it occasionally.

Published by Macmillan, the book sells for \$3.

YOUR CHILDREN

By Olive Roberts Barton

Carelessness Reaps Harvest of Injuries

Fall—harvest time for Old Man Accident. He anticipates a bumper crop of bicycle riders, skate whizzers, small wagon owners and sundry. Among the sundry are baby buggies and strollers.

"During Safety Week I listened to almost incredible statistics on accidents. In the summer I saw so many narrow escapes myself, I had to believe those figures."

The close calls dislocated my heart, and occasionally my spine when some small rider or other had a narrow squeak with a car, at times our own.

It is terrifying when rounding a curve, or reaching the top of a rise in the road, to see a bicycle and rider in the middle of the track immediately ahead, barely giving a chance to swerve.

Please tell the children for their own safety's sake to keep to the very margin of the road. If there are two, tell them to go single file, not side by side.

Lights for Bicycles

It is almost impossible to see a bicycle at twilight. All should have rear lights and headlights, too.

When bicycles carry double cargo, a youngster perched on the handle bars, the engineer is blinded.

Children usually pay no attention to traffic lights. They shoot out of driveways, from behind hedges and parked cars right into the vehicular stream.

It would be so much better, so much safer for them if they were warned to stop, look and listen as they would for a railroad track. A street is quite as dangerous. And, too, they would be helping everyone if they would follow traffic rules about holding out their hands to let drivers know what they intend to do, and ringing a bell as they pass a slow-moving car.

The rider who habitually holds to an auto or a street car with one hand is almost sure to be killed sooner or later.

Small wagons have no business in the center of a busy street or road. The chances of such children to escape injury is about fifty-fifty only.

Taboo Skating in Streets

Skaters should be told what streets are safe. I would not allow a child on skates to cross any street known for thick traffic. And I'd put a taboo on middle-street skating.

Drivers, whenever possible, will wait for a baby to get across corners. But they cannot see what is ahead "before" they turn and "afterward" it may be too late to stop. We live near a busy and dangerous intersection, and I have seen mothers and nurses plunge forward because the lights said to, without a glance to right or left. There are eight ways to look. Why not take another five minutes and find a better place to cross? This chance-taking with a baby is beyond my ability to understand.

A street is a railroad of fast express, even more dangerous because cars and trucks are entirely unpredictable. Treat it as such. Coach the children on the rules. It is worth while.

BEGIN HERE TODAY

When DAN BLENNER, junior publisher of "The Blade," learns that CHARLES FISHER, police reporter, has been mysteriously killed he determines to employ SIDNEY GRIFF, famous criminalologist, to solve the murder.

Morden had been assigned to lead all the local boys FRANK B. CATHAY, wealthy and prominent, who had threatened to sue "The Blade" because the newspaper reported Cathay had been arrested. Later it was proven that the man arrested, giving the name of Cathay and accompanied by a girl called MARY BRIGGS, was an impostor. MRS. CATHAY, a wealthy banker's wife, will drop the charges if "The Blade" publishes a retraction, and this is done.

A day later Morden is found dead. Shortly afterward comes news that Cathay is dead, possibly of poison.

Griif undertakes the case. He goes to see DR. COOPER, one of two doctors attending Cathay. Dr. Cooper refuses to make any statements.

Now go on with the story CHAPTER XI

CHUCKLING to himself, Sidney Griff went to the office of Dr. Amstead, the physician who signed Frank Cathay's death certificate.

It pleased Dr. Amstead to surround himself with an air of professional dignity and his appearance was inseparably associated with the insignia of his profession. A round, polished mirror was strapped about the middle of his forehead, a concave mirror with a hole in the center, to accommodate the pupil of the doctor's eye when deemed necessary to throw reflected light down the throat of some patient.

Dr. Amstead was attired in a white robe and the atmosphere about him was impregnated with the smell of medicinal antiseptics. His eyes were not quite so steady as those of Dr. Cooper and were far less thoughtful. His cheekbones were high. His figure was tall and gaunt and he had a catfish mouth.

"What can I do for you Mr. Griff?" he inquired.

"You can discuss the Cathay case," said Sidney Griff.

"No, I can't," said Dr. Amstead. "There is nothing to discuss. The man died of natural causes. My death certificate is on file. I will refer you to that for any specific information. More than that, I can't give you."

"Can you tell me," Griff asked, "anything about Mr. Cathay's symptoms?"

"No," replied the doctor.

"Anything about the degree of temperature?"

"No."

"Anything about the time which elapsed from the appearance of the first symptoms to the time when the coma developed, which, as I understand it, lasted until death?"

"No."

"May I ask why, Doctor?"

"Those are matters of professional confidence."

"I see. Now can you tell me anything which is not a matter of professional confidence?"

"What do you mean?"

"If I should ask you a question, and it had nothing to do with a professional confidence, would you answer it?"

"I think so, yes."

"Is it true," said Sidney Griff slowly and solemnly, "that in your presence, and in the presence of a newspaper reporter, Dr. P. C. Cooper, who was associated with you on the case, stated that the symptoms were identical to those of luminal poisoning?"

skin and quite a beautiful back, I'd like to tell one of my beauty secrets to you," writes a woman in San Francisco.

Aside from the fact that I think her letter most interesting, her formula clever, I'm so pleased to hear from anyone who has been successful in working but her own beauty problems to that other readers. It follows:

"Once a week I soak a medium-sized bath towel in a solution that contains one pound of ordinary table salt and a pint of warm water. When the towel has dried, I rub it between my hands to soften it."

"After each morning bath, when I've finished drying my body with a plain towel, I rub myself briskly with the salt towel, which lasts a week. Then I use either bath powder or a body lotion."

Now that sounds like a fairly simple routine and certainly it is an efficacious one. In the first place, the slight friction caused by the salt towel stimulates circulation in the entire body and when circulation is good, the chances are ten to one that the skin will be clear and smooth.

Secondly, salt water has long been considered beneficial to health and beauty. However, not many of us can bathe in the ocean the year around and few have time to prepare a salt bath in the tub several nights a week. But we certainly have the time and money for a salt towel of the type that the Western woman with the beautiful skin describes.

Ozan

Mrs. Laura Smith of Washington was a visitor here Sunday.

Miss Alma Hanna was a visitor to Nashville Monday.

Mrs. Nannie Phillips of Saratoga is the guest of Mrs. Ben Goodlett.

Mr. and Mrs. Dan Green and Misses Emma Green and Edna and Mary Jones attended the homecoming at St. Paul Sunday.

Mr. and Mrs. Mitchell of Sulphur Springs, Texas, were visitors here last Sunday.

DR. AMSTEAD rushed. "I'm not responsible for what Dr. Cooper may have said," he remarked. "What I am asking you is if Dr. Cooper did make such a statement." "I believe," Dr. Amstead said, "that he... I think I shall refuse to answer that question."

"Upon what ground, Doctor?" Dr. Amstead flushed. "Upon the ground that it is none of your business," he said.

"But it happens," said Griff, smiling unbecomingly, "that that is very much a part of my business. It is one of the things which has brought me to the city."

Dr. Amstead's mouth was a fine line of lipless rigidity, upon which Sidney Griff's eyes were focused.

"I still maintain that it is none of your business," Dr. Amstead said truculently.

Sidney Griff continued to stare at Dr. Amstead's mouth.

"It just happens, Doctor," he said, "that a post-mortem has been ordered in connection with an autopsy. If the post-mortem should show the presence of poison, it would seem to me that it would very much improve your standing in the community for you to at least discuss the possibility of a mistaken diagnosis."

Dr. Amstead's eye wavered for a moment, then stared belligerently at Sidney Griff.

"You are mistaken," he said. "There will be no post-mortem, no autopsy."

He spoke with cold finality, turned abruptly and called over his shoulder, "You will excuse me. I am busy."

The door slammed shut.

THE office nurse looked at Sidney Griff with curious eyes. "That is all, Mr. Griff," she said, "Dr. Amstead will not return."

Sidney Griff smiled at her. "Bless your heart," he said, "I didn't think he would. I was just waiting to see..."

The panel switchboard in the office emitted a buzzing sound. The office nurse raised the receiver to her ear, said, "Yes?" in the tone of voice one uses in asking a question. Then she snapped up a key on the switchboard, dropped the receiver and turned to Sidney Griff.

"You were waiting," she reminded him, "to see..."

"To see," said Sidney Griff, smiling, "whether Dr. Amstead made a telephone call as soon as he reached his private office. You might explain to him that my curiosity upon that point has been satisfied, and good morning."

He left the office, crossed the street to the First National Bank building, and went to the offices of Fisher, Barr & McReady. He presented his card to the young woman who occupied the desk by it, therefore, I can't understand

the telephone switchboard, and said, "Please tell Mr. Charles Fisher that I wish 10 minutes of his time upon a matter of major importance." The young woman summoned a boy, gave him the card, and Sidney Griff's message. The boy disappeared, and a moment later the switchboard buzzed into life. The operator buzzed for a moment, then nodded to Sidney Griff.

"Mr. Fisher," she said, "will see you at once."

The boy appeared once more and beckoned to Sidney Griff.

"This way, sir," he said.

Sidney Griff followed the boy into Charles Fisher's private office.

Charles Fisher's manner was one of beaming cordiality. He advanced with outstretched hand.

"Mr. Griff," he said, "I'm mighty glad to know you. I've heard a good deal of you and have followed some of the cases in which you have appeared with a great deal of interest. Do come in and sit down."

GRIFF shook hands and dropped into a chair by the lawyer's desk.

"What brings you here specifically?" asked Fisher. "Are you here on business, and if so, is there any way in which our office can be of assistance to you?"

Griff, his eyes fastened upon the lawyer's lips, nodded.

"Yes," he said. "I was here making some investigations about the death of Mr. Frank B. Cathay."

Fisher raised his eyebrows. "Indeed," he said.

Griff remained silent.

Fisher pursed his lips, closed his eyes for a moment in thought, shook his head dubiously from side to side.

"Most strange," he said. "You mean the death?" asked Griff.

"No," the lawyer hastily told him. "I mean the fact that you are here. That you have been retained to look into the matter of Mr. Cathay's untimely demise."

"What's strange about that?" Griff inquired. "That's my business, you know, a consulting criminalologist."

"I understand," Fisher said hastily, "but you see, it happens I am attorney for the Cathay interests. I was, perhaps, one of the closest friends Cathay had in this city. I owe everything to him."

Naturally, I am quite friendly with his widow."

"Yes," asked Griff.

Fisher nodded and went on. "Under those circumstances I repeat that it is strange that you have been retained to investigate Mr. Cathay's death. Because I happen to know that none of Mr. Cathay's personal representatives has retained you. Had they done so, I would, of course, have known

16,000 Protestant Pastors Flay Nazi

They Denounce Hitler Agents as "The Powers of Anti-Christ"

BERLIN, Germany—(AP)—Germany's Protestants went apprehensively to church Sunday, surrounded by spies and secret service men, while 16,000 opposition pastors took their cause against "the powers of anti-Christ" to the nation's pulpits.

Police were everywhere, but pastors stood to a point of defiance, assailed the authority of Chancellor Hitler and his henchman, Reichsbishop Ludwig Muller, to establish a dictatorship over the church.

They spoke freely, most of them although their leaders are suspended and under arrest and they, themselves, face a similar fate.

A manifesto holding Reichsbishop Muller and Dr. August Jeager, commissioner of Protestant churches in Prussia, responsible for "the triumph of violence and hypocrisy," was distributed to congregations. Of the two Nazi churchmen, the manifesto said: "Through them Satan does his work."

Declaring the Gospel had been nullified, the manifesto said "The church regime has violated the constitutional church government, but talks of peace, a believing church, and all its churches are using political force to gain their ends."

"It splits Bavaria's unified church into two parts, but still it talks of unity. It denies the Ten Commandments and employs lies against truth and robbery against justice. Still it talks of Bible and creed."

"Caprice and falsehood have gained the upper hand in the church."

There were dramatic scenes throughout the Reich in opposition churches where congregations listened tensely to pastors, undismayed by fear for their personal safety, who delivered scathing indictments of the Nazi church regime.

A pouring rain failed to dispel a large crowd at Saint Anne's church in suburban Dahlen, where Bishop Niemoller, hero of the submarine blockade during the World war, preached his sermon.

Mr. and Mrs. Frank Hearn spent the week end in Morrissport, and Shreveport, La.

Mrs. C. E. Bell and Miss Margaret Bell of Texarkana were Sunday guests of Mr. and Mrs. R. O. Bridwell.

Mr. and Mrs. W. E. Lock were Saturday visitors in Hot Springs.

Mr. and Mrs. W. W. McCreary of Lonoke were Monday visitors in the city, en route to Columbus to attend the funeral services for the late David Wilson, who passed on at his home in that city, Monday.

In observing Fathers' Night Wednesday evening at 7:30, the Brookwood P. T. A. extends a cordial invitation to the school patrons or those who are interested. The program will consist of a book to school feature, wherein the fathers may refresh their memories and renew their youth.

Miss Margaret Kinser is the guest of Miss Mary Joyce in Fort Smith. Miss Joyce was a former roommate of Miss Kinser's in Galloway college.

Mr. and Mrs. C. C. Lewis had as weekend guests, Mrs. Lewis' sister, Mrs. D. H. Connelly and two little daughters, Georgia Eva and Rebecca Joe, and Mr. and Mrs. K. K. Deeren all of Marion, Ind. Enroute home.

OLD FOLKS LAXATIVE

Must Not Shock Bowels

A mass of laxative suddenly hitting the weekend, tired system of elderly people upsets it, throws it off its delicate balance. Because of this, the delicate balance of the system is upset. The laxative is mixed with helpful saline juice the way your food is. It goes into the system gradually. This more natural, gentle action suits old people ideally, yet it is absolutely positive and complete for them. Doctors prescribe the laxative in non-habit forming form. It is for pleasant correction without any diet or syringe. Delay is dangerous. Today, get back on schedule and stay there. Delicious Peppermint at drug stores, 15c-25c.

W. K. Lemley New "Skeet" Champion

Hope Man Wins Arkansas Amateur Championship at Little Rock

LITTLE ROCK—In what is believed to have been the largest field in a one-day skeet tournament ever held in the United States, a new Arkansas amateur champion was declared in the annual state meet on the grounds of the Little Rock Skeet Club at Boyle park Monday.

He is W. K. Lemley of Hope, who broke 94 out of 100 targets. So closely bunched was the competition in the amateur event, that not before the firing of the final round was it possible to determine the winner.

Lemley's opponent Ernest Van Sickle of Little Rock, who finished third with 92. At the conclusion of the 100 regular targets, Bryant Trotter, Texarkana and Sibley Ward, Little Rock, were tied for runner-up honors with 93. Trotter missed only one "bird" in the 25-target shoot-off while Ward carded a 23.

Little Rock Skeet Club officials said that registration of 58 contestants exceeded the entries of any previous one-day meet. Besides Arkansas, Tennessee, Louisiana, Oklahoma and Texas were represented. The participation of G. A. Story of Manitoba, Conn. added international flavor to the tourney.

Because of the unprecedented number of target-crackers, it was necessary to shoot off the preliminaries on the Missouri Pacific Club grounds in North Little Rock. Competitive firing commenced at 8:30 Monday morning and continued until a few minutes before sundown.

Ed Lindsay, professional of Paris, Texas, won high gun honors of the tourney. Lindsay, who formerly held the world's straight-run title of 229, Monday broke 99. His lone miss came in the third event when he failed to hit a low trapper from the fifth station.

Lindsay's professional of Paris, Texas, won high gun honors of the tourney. Lindsay, who formerly held the world's straight-run title of 229, Monday broke 99. His lone miss came in the third event when he failed to hit a low trapper from the fifth station.

Mr. and Mrs. J. B. Stone of Little Rock were week end guests of Mr. and Mrs. C. S. Lowthorp.

The following from the Tuesday Texarkana Gazette—"Dr. Elin Champ, lin, president of the Arkansas State Osteopathic Association, was a guest at the dinner meeting of the Twin City Society of Osteopathic Physicians and surgeons Saturday evening, October 13, at Hotel Grim, when Dr. Ross Mitchell presided. Dr. R. M. Mitchell was principal speaker having for his topic, "The Pioneer Osteopath." Others present were Dr. Chas. Champlin (Hope), Dr. W. C. Harper (Magnolia), Miss Mamie Twitcheil (Hope), Dr. D. A. English, Dr. and Mrs. J. Falkner and Dr. and Mrs. W. D. English."

Mr. and Mrs. C. S. Lowthorp has returned from Little Rock, where as President of the Arkansas Division U. D. C. he attended the unveiling of the David O. Dodd monument and the state meeting of the Confederate Veterans held in the War Memorial Building.

Mr. and Mrs. Jim Arnold, their daughter, Billie, and Lowell Breeding left Sunday for Chicago where they will visit the world's fair.

Miss Martha Shipp of the high school faculty is spending this week in Virginia where she will attend the wedding of her brother.

Home Clubs

The DeAnn Home Demonstration club met at the home of Mrs. W. H. Burke, Wednesday afternoon at 2 o'clock.

Mrs. Lee Garland, president, opened the meeting with a song, followed by an impressive devotion by Mrs. M. R. Samuel. The Lords prayer being repeated by all.

Minutes failed to be adopted as the secretary was absent.

There were 12 members with 7 visitors. We were delighted also to have with us the two visitors from Oklahoma City, Okla.

Miss Griffin took the ladies to the kitchen and gave an interesting demonstration on quick potato yeast and parker house rolls, cinnamon rolls and Swedish tea-ring.

The second report was given by the ladies on each project.

Miss Griffin judged our canned stuff and told us how it was entered the county fair while the rolls were baking.

Funn was furnished by the recreation leader, Mrs. Willis Pool. A delicious plate with ice tea was served by the hostess, assisting Misses Caudin Burke and Billie Arnold.

The next meeting will be at the home of Mrs. S. B. Breeding, November 14 at 2 o'clock. The demonstration will be on making Christmas cakes and candies.

Our club year is coming to an end, greater interest is being manifested and unlimited benefits are expected to result.

Because of the unprecedented number of target-crackers, it was necessary to shoot off the preliminaries on the Missouri Pacific Club grounds in North Little Rock. Competitive firing commenced at 8:30 Monday morning and continued until a few minutes before sundown.

Frisch Resigned as Card Manager

Fordham Flash Still Great as Active Player After 16 Years

ST. LOUIS, (P)—Frankie Frisch, who drove the madcap Cardinals to the National League pennant and a world series triumph over Detroit's Tigers in his first full year as a manager, Monday signed a contract to lead the club again in 1935.

The signing, which followed brief conferences with President Sam Breeding and Vice President Branch Rickey, was a mere formality. Both Breeding and Rickey had said the old Fordham flash, still a spry second baseman after 16 years of National League campaigning, would be back next year.

Terms of the contract, which will run for one year, were not announced and Frisch said they would not be disclosed.

One of the greatest infielders of modern baseball, Frisch pitched directly from the Fordham campus to the New York Giants, and came to St. Louis in the winter of 1920-21 in a trade which sent Rogers Hornsby to New York. In the middle of the 1933 campaign, he relieved Gabby Street as manager of the Cardinals.

With the formality of signing Frisch out of the way, club officials planned, as usual, to wait until about the first of the year before starting negotiations with the rest of the players.

Negotiations with the pitching Deans—Jerome Herman, Dizzy and Paul Daffy—are, of course, expected to attract the major attention.

The Deans, now raking in the cash on a barnstorming tour before turning to vaudeville and maybe motion pictures, say they expect no trouble in reaching terms. Breeding and Rickey, on the surface at least, indicate they can foresee nothing but sweet words when the contract talk begins.

Except for the center field, regarded as the team's one glaring weakness, the Cardinals are expected to start the 1935 campaign with virtually the 1934 lineup. It was good enough to nose out the New York Giants for the 1934 National League title and defeat the Detroit Tigers in the world series, 4 games to 3, behind the pitching of the Deans.

OUR BOARDING HOUSE

By AHERN OUT OUR WAY

SURE—TAKE IT TO A JEWELER, IF YOU GOT ANY DOUBTS—BUT LEAVE YOUR SUIT CASE HERE! DON'T LET TH' MAJOR FLAG YOU TO A SIDING, TO TELL YOU THAT DIAMOND IS SOUR!—THAT GOOF WILL TELL YOU ITS FULL OF CARBON SPECKS—BUT ITS BECAUSE HE ALWAYS HAS SPOTS BEFORE HIS EYES!

I JES WANT TO BE SURE—DONT WANT TO BLOW \$50 ON A RING, AN THEN FIND OUT, LATER, TH GEM IS OFF, LIKE A HIGH SCHOOL BAND! TH WASP GOT ME, ONCE, ON A DIAMOND! FOUND OUT IT USED TO BE ON A MILK ROUTE!

WATCH OUT, ICK! THET MULE'S GOT A HUMP IN HIS BACK, LIKE HE WANTS TO BUCK, DONT LET HIM GIT HIS HAID DOWN.

ISE ALL RIGHT, EF HE'S 'BOUT OUTER GIVE, CAZE ISE 'BOUT OUTER TAKE.

THE GENEROUS GIVER.

BOOTS AND HER BUDDIES

SAY, BEAVERBROOK—DONT MY BROTHER SPEND ANY OF HIS TIME HERE AT HOME?

WELL, YOU SEE, MISS—THE MASTER HIS HA VERY BUSY MAN.

YES, IVE NOTICED THAT

ALLEY GETS ANOTHER BREAK!

HIF HI MAY BE SO BOLD, MISS—HIT SEEMS MIGHTY NICE TO AVE YOU WITH HUS HAGAIN! HITS HALWAYS SO LIVELY HAND GAY WHEN YOU HARE 'ERE

OH, THAT WAS NICE! THANK YOU—I THINK MY BROTHER IS WORRIED ABOUT ANY- THING—SUCH AS HIS BUSINESS, OR

HOH NO, LOR BLESS YOU, MISS—HON ON THE CONTRARY, I'VE NEVER SEEN 'IM, SO BLOOMING 'APPY! HIF 'E HIS WORRIED, HAD SAY 'E WAS MAKING HA BLINKIN' LARK HOF 'HIT

ALLEY OOP

NOW LOOK WHATCHA WENT AN DONE! SWELLED ALL UP AN BUSTED OUT MY VERY BEST ROYAL ROBE!

AW—IT AINT HURT MUCH, GUZ! WE CN FIX THAT, EASY—

HEY—YA DROPPED TH' NECKLACE! I'LL GET IT—

SUMPIN TELLS ME YOU DID THAT ON PURPOSE—

WASH TUBBS

SO YA DIDNT LIKE THE RAW TURNIPS AND WORMY APPLES FOR BREAKFAST, EH? THEN HOWDYA LIKE THIS?

STOP! TURN OFF THE WATER.

AW, HE'S ONLY A HOBO, CHIEF. HE NEEDED A BATH, ANYWAY.

YOU FOOL! HE'S HORATIO BOARDMAN, THE BIG MULTI-MILLIONAIRE CAPITALIST.

REGRETTABLE MISTAKE, SIR—A MILLION PARDONS, I'LL GET YOU SOME DRY CLOTHES, SIR—A HOT BREAKFAST—CIGARS, SIR, ANYTHING YOU WISH, SIR.

FRECKLES AND HIS FRIENDS

IT ISNT ALL FUN, THIS FOOTBALL BUSINESS... SOME OF IT IS WORK, AND THIS IS THE PART WE MEAN.....

FORTY-FIVE... 28...SIX! THAT CALLS FOR A LINE BUCK, WATSON CARRYING THE BALL!

NOW CLASS, CAN ANYONE TELL ME WHAT SINGLE THING MADE LEONIDAS FAMOUS?

SURELY SOMEONE HERE MUST KNOW!

AND EIGHTY-SEVEN CALLS FOR BOB COCHRAN TO PULL OUT OF THE LINE FOR A QUICK KICK!

FRECKLES, SURELY YOU CAN TELL US HOW LEONIDAS DISTINGUISHED HIMSELF BY BLOCKING THE PASS AT THEROPYLAE !!

WHAT'S AT? OH, EXCUSE ME, I'M AFRAID I CANT, PROFESSOR—I DONT EVEN SEE THE GAME!

Ain't Love Grand?

I NEVER HAD AN IDEE THAT A WOMAN COULD DO THIS TIME. I DONT FEEL A DAY OVER TWENTY

HE'S GON' T'BE A PUSHOVER

LITTLE DOES DAN KNOW THAT DANGER LURKS IN THE SHADOWY FORM DOGGING HIS FOOTSTEPS

BOY, IT'LL BE GREAT T HAVE A WIFE T GIT M' MEALS AND KEEP HOUSE FER ME!

I COULD DO THIS JOB ALONE

THE NEWFANGLES (Mom'n Pop)

WELL, WHEN ER YOU GON' TSEID FOR YOUR BLUSHIN' BRIDE, DAN?

SO YOU'VE DECIDED ON MARYBYE! THE BEAUTIFUL BLONDE YOU SHOWED US YISTIDDY, EH?

YEP, AND I'M SENDIN' FER HER T'MORROW. I'LL BE SEEN! YOU THEN—S'LONG!

I'LL TRAIL THIS HICK AND GET A LINE ON HIM

FAMOUS FOOTBALL FEATS!

ONE of the most talked about plays in football took place during the Rose Bowl game between California and Ohio State New Year's Day, 1921. It was in that game that "Brick" Muller, California end, threw the pass that's in the record books as 70 yards.

Early in the first quarter, California had the ball on its own 40-yard line. On the third down Muller, playing end, started to run toward his own goal line as signals were called. The ball was snapped to Sprott, a halfback. As the defense rushed in to tackle Sprott, he passed backward to Muller. Muller then hurled the 70-yard heave to Stephens. Just as he reached the goal line he turned and caught Muller's heave.

California went on to win, 28-0.
